

Nisan 5779 | April 2019

Dear Dr. Friedmann:

It is a pleasure to write in support of Georgia International Law Enforcement Exchange (GILEE) and its essential role in training and educating our local Atlanta law enforcement community.

In a time when terrorist acts and expressions of antisemitism are on the rise, Jewish Federation of Greater Atlanta and our Director of Community Wide Security, rely on GILEE's expertise.

Israeli security and counter-terrorism best practices bring a unique perspective to local law enforcement and put Atlanta in the vanguard of public safety preparedness. GILEE's peer-to-peer training and partnership model is one that other cities should emulate.

Sincerely,

A handwritten signature in black ink, appearing to read "EM Robbins", is written over a light blue horizontal line.
